

Community Safety Partnership Grant Fund

The Police and Crime Commissioner for Hampshire, Isle of Wight, Portsmouth and Southampton has established a Community Safety Partnerships grants fund for applications up to a maximum of £3,000.

The Commissioner currently supports a number of Community Safety Partnership (CSP) projects and initiatives through the Safer Communities Fund grant round. However, this does not allow for CSPs to respond to time critical local issues, outside of the annual grant round. The Community Safety Partnerships grants fund provides the opportunity for CSPs to apply to for an emergency grant of less than £3,000, via an easy and accessible process. Applications will be for tackling time critical local issues that also support the Commissioner's priorities:

- Champion community needs, including supporting victims, the vulnerable and those affected by crime and disorder
- Enable effective and efficient operational policing which meets the needs of the people it serves by empowering the Chief Constable
- Strengthen partnerships to work together to reduce crime, promote public safety and create vibrant, inclusive communities
- Reduce offending

Grant Process

The Commissioner will be accepting applications to the Community Safety Partnerships grants fund throughout 2017/18. The maximum amount of funding that can be applied for per application is £3,000.

A representative from the CSP should contact the Commissioning Team to express their interest in applying for funding from the Community Safety Partnerships grants fund at opcc.commissioning@hampshire.pnn.police.uk . An application form will then be sent to the representative to complete.

The application form is a word document which we ask you to fill out on the computer and then print off to sign the final page. Please ensure that you answer every question otherwise your application may be invalid. You can either submit your completed application by sending a scanned copy of the form to the Commissioning team at opcc.commissioning@hampshire.pnn.police.uk or alternatively the form can be posted to the Commissioner's office at the following address:

The Commissioning Team
Police and Crime Commissioner's Office
2nd Floor St. George's Chambers
St. George's Street
Winchester
Hampshire
SO23 8AJ

We will not be accepting any supplementary documentation with your application form, unless requested by the Commissioning team. Instead, please ensure all information you wish to be taken into consideration, as part of your submission for funding, is detailed within your application form.

We intend to inform applicants of the outcome of their bid within a month of submission, although this may be determined by the number and range of applications received each month.

Payments

Payments to successful applicants will be made by BACS payment after the completion of a grant agreement form. Payments will not be made to individuals back accounts but rather to established organisations such as local authorities or registered charities. If you have any queries regarding this please contact the Commissioning Team on the details below to discuss your options.

Performance Management

Each successful applicant will be required to submit an end of project report that will detail the project delivered and include a small breakdown of how the funding was spent. The applicant may also be contacted to provide a case study on their project.

How to contact us

If you have any comments, queries or issues with the application form or information, please contact the Commissioning team by emailing us at the following address: opcc.commissioning@hampshire.pnn.police.uk
