

GOOD NIGHT OUT - INFO FOR STAFF

This is an initiative dedicated to raising awareness of sexual harassment /assault and helping the night time economy address, tackle and prevent this issue through a poster campaign and specialist training....to end sexual harassment and assaults in your venue.

JOIN US. WE WANT YOU TO...

Look out for the 'signs':

Paying a lot of attention to someone – especially towards a drunk person

Physical contact that is clearly unwanted

Verbal disagreements between people

Trying to get someone on their own away from friends

Acting secretive/suspicious around drinks

Anything that causes you concern

RAISE YOUR CONCERNS WITH SECURITY OR A MANAGER

In the ladies toilets there are posters advising them to seek assistance if they are feeling unsafe or have a problem.

Should someone approach you, you may wish to get a member of door staff to be with them if they are feeling vulnerable whilst they wait for a manager. Please do not leave them unattended or alone.
