

Stop thinking, start creating

# CREATE

## Cross-channel partnership to support residents into self employment

Increase VS is an exciting social innovation project created to support 6000 people into training and self employment over a 3 year period. Radian and 8 other partners are involved in the project, which offers free start up business courses and support to residents across England and the north of France.

Radian's Employment, Support and Training (EST) team, are specialists in supporting residents into employment and training, and have successfully supported over 100 business start ups. Their 10 week 'CREATE' business course is just the beginning of the participants' journey into self employment.

For more details on our next course please contact us: 0800 422 0570 (option 1) or email: [increasevs@radian.co.uk](mailto:increasevs@radian.co.uk)

Further details are available on our website: [www.radian.co.uk](http://www.radian.co.uk) - search 'self employment' or click the online link: [www.radian.co.uk/create](http://www.radian.co.uk/create)
